A CLUB WITH HISTORY—AND A FOCUS ON TODAY

With its humble beginnings in a cozy Baltimore living room in 1878 and incorporation in 1884, the Baltimore Camera Club has become the oldest continuously operating photographic society in the United States.

Our rich history is only the beginning. Today's club is about learning, making photographs, sharing ideas, improving skills, and connecting with other photographers.

PARTICIPATE YOUR WAY

You do not have to attend every meeting to benefit. Choose the programs, competitions, outings, exhibitions and social activities that fit your interests and schedule.

Smartphones welcome.
